Dear Parent/Carer

As a school we are always keen to work with parents to support a positive attitude and high standards of behaviour within Craigie High School.

As a result of this we have had a Positive Behaviour Group spend a lot of time over the last two years consulting with pupils and staff about the best way to take our Positive Behaviour message forward.

The group concluded that it was more important for pupils to reflect on their attitude and behaviour in class and show an understanding of how poor choices can impact on their learning and that of others.

As a result we will no longer issue Punishment Exercises to pupils but now issue an interval and/or lunchtime detention where pupils are encouraged to complete a Reflection Sheet supported by a member of staff. The aim of this exercise is to support pupils in making positive choices.

A copy of our school values and class expectations is overleaf.

As always your support and co-operation is very important to us and you will be informed via text when a detention has been completed and I would ask you to discuss the events leading up to the detention with your child.

If you would like further information please contact your child's House Team.
